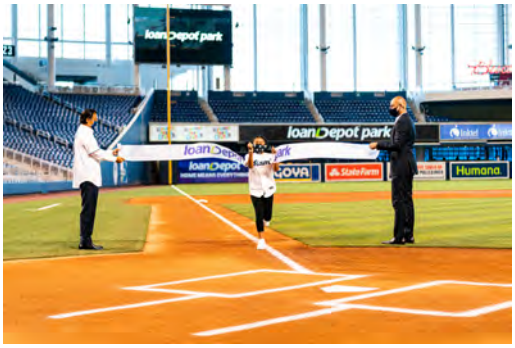
The Miami Marlins and loanDepot, the nation's second-largest nonbank retail lender, announced on March 31, 2021 that loanDepot will be the exclusive naming rights partner for loanDepot park, the home of the Miami Marlins and world-class special events, becoming the first naming rights partner in the venue's history. The multi-year partnership began on March 31, 2021 and unites two young, innovative organizations on the rise, with the common vision of providing first-class experience for consumers and positively impacting their community.

Both the Marlins and loanDepot know that "home means everything" as they join together to continue a commitment to further grow loanDepot pPark as a jewel sports and entertainment venue. As one of the versatile venues in sports, loanDepot pPark will be home to much more than just baseball, also playing host to a variety of diverse public and private events. The uniqueness and attractiveness of the venue make it ideal for world-class entertainment and business events.

A special announcement was planned for March 31, 2021 to introduce loanDepot park to media as well as staff members from loanDepot and the Miami Marlins. The day began with a press conference featuring Marlins CEO Derek Jeter and loanDepot CEO and Founder Anthony Hseih. Then the group took the field with two young athletes from the Boys and Girls Club of Miami-Dade to score the first run and throw the first pitch in loanDepot park history. Young athlete Leslie Valle took the field at second base and came across to score the first run at loanDepot park, while CEO Anthony Hshieh took the mound and fired a strike to young athlete Adrian Blanco.



As one of the most versatile venues in sports today, loanDepot park also will play host to a diverse array of public and private events. In addition to being the ideal setting for Major League Baseball, loanDepot park is well-equipped to host such jewel sports events as the MLB All-Star Game, World Baseball Classic, Super Bowl Opening Night, college football and Monster Jam. Every Monday at loanDepot park, active and retired military personnel, veterans, fire rescue personnel, members of the police department and healthcare professionals will receive two complimentary tickets to the game.

THE MIAMI MARLINS STORY

The **Miami Marlins** are one of ***baseball's youngest yet most exciting franchises***, combining the tradition of America's pastime with the excitement of South Florida. We are committed to being authentic Miami, the city that celebrates family, fun and passion. Miami not only has a rich diversity and upbeat energy, but also a deep-rooted love for the game of baseball. Pair the ambiance of the city with the refreshed approach of the Miami Marlins organization and you get an exciting combination of past, present and future.

In the brief 27-year history of the franchise, the club has hoisted two World Series championships and claims three National League playoff berths. The most recent postseason appearance came last season, when the Marlins exceeded external expectations, finishing with the team's first winning season since 2009 and snapping a 17-year span without reaching the playoffs. Following the season, Don Mattingly was named National League Manager of the Year, becoming the third manager in club history to receive the honor.

The Marlins now head into the 2021 season looking to build off a successful campaign in 2020, with a mix of veteran leaders paired with exciting young talents. The plan is in motion on the field, and there is a commitment to serve the South Florida community off the field. As an organization that lives through its values, the Marlins are dedicated to building sustained success on and off the field as a world-class entertainment venture.

The Marlins have an unwavering commitment to our community and making an impact with our future leaders and All-Stars. Led by CEO Derek Jeter, the organization features one of the most diverse front office staffs across professional sports, highlighted by a mix of homegrown talents along with exceptional individuals from across the globe. Our inclusive work environment encourages passionate, innovative, and driven individuals to exceed expectations.

Entering the fourth year under new ownership, the organization has seen steady progress and now boasts a world-class fan experience at loanDepot park that awaits the return of fans in 2021, offering affordable family fun with the look, taste and sounds of this great community. The transformation of loanDepot park occurred with a commitment from ownership to invest in the fan experience. It all began in the first year with the launch of the Dímelo campaign in 2018 to listen to fans and build trust with the community. Then the Marlins invested in the cost of the fan experience in year two with the addition of social spaces and local food partners as well as the introduction of The $3 o $5 Menu. The re-imagined ballpark experience will offer new enhancements to fans in 2021, with Free-Flow Parking, the Biscayne Brew Hall and the Fanatics Team Store in Section 26.

The evolution of the Miami Marlins first began with the club's new logo and colors, announced in November 2018. loanDepot park transformed that same offseason with the reset of the premium space, addition of social spaces, and a reimagined food and beverage experience. The Marlins also reset ticket prices, making Marlins baseball one of the most affordable entertainment option in South Florida, with tickets starting at just $10!

COVID-19 RELIEF EFFORTS

When the global pandemic reached South Florida, the Miami Marlins and Miami Marlins Foundation launched a timely and comprehensive relief program to provide support to our South Florida community. Shortly after Spring Training was paused, the Marlins jumped into action, initiating relief efforts within two weeks. An assessment of our community needs allowed us to focus on making an impact in the following areas: food security, educational support, COVID-19 testing and PPE, and financial support and resources.

As our local community quickly emerged as one of the nation's most susceptible areas for the virus, residents were quickly forced to adapt to a new normal, school-age children were removed from the classrooms and activities, local business were upended, an entire tourism industry crumbled – and help was needed. Our goal was to provide continuous support and resources that aligned with our Foundation pillars of Wellness, Empowerment, and Youth Baseball & Softball.

Throughout the still-ongoing relief program, we have provided aid to residents from the local neighborhoods and staff, leveraged our unique assets, incorporated corporate and community partners, and consistently informed and engaged our constituents. Online educational and physical activity resources were available for students, parents and teachers. The surrounding surface lots of loanDepot park were opened to the community for COVID-19 testing and food distributions. Additional food distributions were held in neighboring underserved communities.

South Florida was one of the most impacted areas of the nation, with some of the largest number of positive cases and rising food security needs. The necessity for our organization to provide resources for our neighbors across an array of needs was quickly evident. Additionally, it was important for us to support healthcare professionals and frontline workers who were being asked to go above and beyond, working nonstop and using all available resources.

Our efforts in supporting South Florida during this unprecedented time extended from loanDepot park to the neighboring communities, with a focus on addressing the assessed needs. The Miami Marlins Foundation, in conjunction with the Marlins organization, launched the Home Plate Meals Relief Fund on April 2 to address urgent food security needs across South Florida in light of COVID-19.

The Relief Fund was established with an initial investment from the Foundation and a contribution from Miami Marlins partner Florida Blue. The funds were immediately invested into the South Florida community with the launch of weekly drive-thru food distributions in partnership with Farm Share, Deliver Lean and Feeding South Florida. During our community's most dire times, we were hosting three distributions per week with assistance from Marlins Alumni members and front office staff.

The Foundation's scheduled cadence of drive-thru food distributions also extended beyond loanDepot park, with remote distributions serving those in need in local underserved communities. Food distributions were adjusted as needed and provided additional resources to our neighbors, including face masks, hand sanitizers, census information and vote-by-mail applications. During the holiday season in December of 2020, the Marlins organized a food distribution at the club's academy in the Dominican Republic.

MIAMI MARLINS FOUNDATION

With distributions taking place on the east side of the ballpark, the Marlins also made available the parking lots on the west side loanDepot park to serve the community. The organization worked with Miami-Dade County to operate a much-needed collection testing site, which helped serve more than 150,000 residents undergo tests for the deadly virus. When vaccinations were made available, the site transitioned to a testing and vaccination site to help those most vulnerable in our community.

In addition to distributing resources from loanDepot park, the Marlins organized online support for our community's future all-stars. With in-person learning for the 2019-20 school year abruptly halted, the Marlins launched Billy's Activity Zone, providing fun and engaging at-home activities for students, teachers and parents. As schools turned to distance learning, Billy's Activity Zone ensured productive days for the entire family by keeping kids engaged with baseball-themed educational and wellness activities.

As the pandemic continued to spread and the need for PPE and face coverings grew, the Marlins created a first-of-its-kind partnership in Major League Baseball. Along with WRECares, the charitable arm of World Red Eye, the Marlins helped provide much-needed supplies to frontline heroes during the early stages of the COVID-19 crisis. Nearly 1,000 items of clothing, including Marlins uniform jerseys and pants as well as cotton shirts, were donated to produce masks for the South Florida community. To date, more than 20,000 masks have been distributed to the local community.

During the unprecedented year, South Florida's healthcare professionals, frontline workers, and police and fire departments emerged as the true heroes. The Marlins and Miami Marlins Foundation partnered with organizations and local small businesses to provide support and show appreciation for the dedication and efforts by providing these outstanding individuals with surprise complimentary meals during the summer. And, thanks to a partnership with Tito's Handmade Vodka, the Marlins held a special meal distribution to members of the hospitality and service industry across the state of Florida. The Marlins also surprised senior citizens at various South Florida supermarkets by covering the costs of their groceries.

Leading up to Election Day 2020, the organization launched the Promote The Vote Auction with proceeds benefitting the Foundation's Feed The Polls initiative, which aims to ensure food security issues did not stand in the way of our community's ability to cast a ballot. On Election Day – November 3, our staff and Marlins outfielder Lewis Brinson volunteered to distribute 4,000 meals at select polling locations in Liberty City and Little Havana for some of our most at-risk community members.

Overall, the organization, in conjunction with the Miami Marlins Foundation, distributed more than 800,000 meals, 24,000 bottles of hand sanitizer, and 20,000 face coverings to the South Florida community.

loanDepot park, a state-of-the-art retractable roof ballpark located in the heart of Miami and in 2012, is the home of the Miami Marlins. The ballpark, which is fewer than two miles from downtown Miami, is a go-to destination for a first-class entertainment experience and features unobstructed views of Miami's skyline made possible by six operable glass panels and has a capacity of 37,446.

The ballpark replaced the legacy of the memorable Orange Bowl in Little Havana, continuing a legendary 77-year history of football, baseball, soccer, public events and major concerts attended by tens of millions of fans. Situated on the same footprint, the home of the Marlins is constructed on approximately 17 acres of the historic 42-acre site.

Miami-Dade County owns loanDepot park and the City of Miami owns the four adjacent parking garages. The Miami Marlins, however, are responsible for maintaining and operating the ballpark.

FIRST-CLASS FAN EXPERIENCE

Under the guidance of principal owner Bruce Sherman and CEO Derek Jeter, the Miami Marlins have made it a priority to invest in the cost of the fan experience, with the goal of being one of the most affordable entertainment options in South Florida.

The Miami Marlins are committed to investing in the fan experience and providing a first-class entertainment experience at loanDepot park. The organization has continuously reaffirmed this commitment since new ownership took control in 2017.

Prior to the 2018 season, the organization launched the Dímelo listening campaign and results from fan feedback were immediately enacted on desired enhancements to their ballpark experience. The Marlins have re-imagined the premium standard with the transformation of The Club: DEX Imaging, added social-space concepts that offer unique fan experiences and promote social engagement, and re-imagined the food and beverage experience at loanDepot park.

Making Marlins baseball one of the most affordable entertainment experiences in the South Florida market remains a priority. The commitment began with enhancements, extended to the food and beverage experience with the creation of The $3 o $5 Menu, was highlighted by the ticket price reset heading into the 2019 campaign, and continued with reduced price of parking and a new line of value merchandise in partnership with Fanatics for the 2020 season.

With a focus on elevating the fan experience, the organization has turned loanDepot park into a ***go-to destination for a first-class entertainment experience*** for you, your friends, your family and your coworkers.

A VENUE LIKE NO OTHER

From intimate private parties and board meetings to large-scale corporate events, concerts, loanDepot park offers a variety of event spaces to suit any occasion inside and outside the ballpark. The left-field skyline wall is a feature unlike any other in Major League Baseball. Six (6) glass panels, towering at 60' tall by 40' wide, open to create a breathtaking view of downtown Miami's spectacular skyline. Hosts can take their event behind-the-scenes using one of the clubhouses, batting cages or press conference rooms.

SIT CLOSER THAN EVER

Rarely have the words 'ballpark' and 'intimacy' blended so well together. Seats at loanDepot park are among the closest to the playing field in all of baseball. Every seat has been placed with only one thing in mind - to provide guests with the ultimate fan experience. You will always be comfortable, cool and close to all the action and excitement. Under the new configuration in 2019, the netting was increased to 30 feet high at the ends of each dugout, and taper down each foul line to the ends of Section 3 in right field, and FL11 in left field. The state-of-the-art netting is 30 percent thinner than traditional netting, utilizing Dyneema fiber with a knot-less "Ultra Cross" intersection supplied by Promats Athletics. It not only provides fans protection, but also is designed to blend into the playing surface.

To enhance the game experience, portions of the netting will be adjustable, providing access points that allow fans to get autographs and interact with the players and coaches before each game. The access points will be located along the entire length of both dugouts, plus four areas down the first-base line and three down the third-base line. It marked the second consecutive offseason in which the organization was proactive in extending the safety netting at loanDepot park. Prior to 2018, the netting was expanded to the ends of each dugout, which also surpassed MLB guidelines.

GREEN BALLPARK

loanDepot park is the first retractable-roof LEED Gold Certified facility in the world. The ballpark's environmentally friendly design incorporates conservation, sustainability and energy efficiency. During construction, the Miami Marlins recycled more than 98% of the construction waste and engaged in pollution prevention plans. The design of the ballpark and the materials selected help promote conservation, pollution prevention as well as water reduction and energy efficiency. The Marlins also engaged in an indoor air quality plan to ensure the comfort and well-being of all fans.
In the offseason leading up to the 2020 season, the Miami Marlins introduced Free Flow Parking, which reduces carbon emissions and fuel consumption with shorter wait times and less idling. In addition, bike share kiosks and electric vehicle charging stations were implemented in the parking garages at loanDepot park.

WELL HEALTH-SAFETY RATING

loanDepot park was enrolled in the WELL Health-Safety Rating in February 2021, becoming the second MLB ballpark and the second sports venue in South Florida.

INVESTMENT IN FAN EXPERIENCE

With a focus on elevating the fan experience and an investment in the cost of the fan experience, the Miami Marlins turned loanDepot park into a go-to destination for a first-class experience. The offseason projects began with the transformation of The Club presented by DEX Imaging, and was followed by the creation of two social space concepts, AutoNation Alley and the The Social. The Marlins then developed a re-imagined food and beverage experience for guests at loanDepot park. In addition to new food partners, all of whom have great Miami stories, on the re-concepted Promenade Level, the Marlins launched a new $3 o $5 Menu, which is a food and beverage value menu that offers ballpark favorites at an introductory price of $3 or $5, such as a $3 hot dog and $5 beer. The final ingredient was the addition of El Mercadito presented by Pepsi, a grab-and-go market offering fans fresh and healthy food options for all Marlins home games. The newest enhancements to Marlins were the additions of the Biscayne Brew Hall, a new 3000-square-foot space located in the atrium area near sections 15–16 on the Promenade Level, and new Fanatics Team Store, an open retail concept located in left field near section 27.

THE CLUB: DEX IMAGING

The premium standard has been reset by the Miami Marlins with The Club presented by DEX Imaging. The premium space at loanDepot park received a transformation into a first-class lounge experience that speaks to those seeking a uniquely refined Miami vibe. With a re-imagined food and beverage experience, The Club presented by DEX Imaging features an elevated casual concept with DJ music and a variety of food and drink options, which extends to and enhances the in-seat experience. A versatile space for guests to dine or socialize aims to be the hot spot for Marlins games and events at loanDepot park. The interior design delivers a fresh Miami look, as designed by local Miami firm, Edge of Architecture.

The Club presented by DEX Imaging features more than a 20 percent increase in club function space as well as a redesigned entrance to welcome guests, a new stylish bar serving craft cocktails and featured beverages, and a new corridor to the club's premium seats behind home plate – which will transform and elevate the path from club to seat. The contemporary club atmosphere includes a live DJ setting an event appropriate vibe and a variety of in-club seating for dining and socializing. Fans can enjoy in-club views of the Marlins batting cages, while sampling drinks and passed small bites prior to first pitch and interacting with featured chefs during live in-club cooking demonstrations.

SOCIAL AREAS

The on-going transformation of loanDepot park into a first-class entertainment experience featured the addition of social space concepts, AutoNation Alley and The Social in 2019 and the Biscayne Bay Brew Hall in 2020. These ballpark enhancements offer fans new vantage points and unique viewing experiences at Marlins home games. Both areas, which were designed by MSA Sport – a national sports architecture firm, feature standing room only (SRO) space which enhances the ability to flow freely between locations for varied perspectives of the field and game action. A new low-priced ticket product, the Estrella Jalisco Party Pass, provides holders with priority access to both new locations and viewing experiences.

AutoNation Alley is a tiered viewing platform structure with three primary levels. The top level is accessible to all fans from the Promenade Level and features a craft cocktail bar experience; the middle level serves as an exclusive standing view platform with drink rail for Estrella Jalisco Party Pass holders; and the lower level serves as an exclusive group hospitality space.

Redevelopment of this area at loanDepot park provides improved sightlines from the concourse to the field and back to the cityscape in the exterior through the Skyline Terrace. The re-imagined in-bowl visual experience is surrounded by a redesigned batter's eye with a lush, ivy-look that transitions to the State Farm signage on the left field façade.

With more than 2,250 total square feet of space across the three levels, AutoNation Alley is ideal for group outings and functions. The lower level of AutoNation Alley overlooks the center field wall, bringing fans closer to the action.

The Social, with a spectator capacity of more than 200, is located in the foul territory corner of right field, composed of the former 10 rows of Sections 1-3 closest to the Promenade Level concourse. The section will provide an exclusive access gathering spot for SRO Social Pass holders with a redesigned in-section view of the game from five tiered drink rails.

BISCAYNE BAY BREW HALL

The Miami Marlins and Biscayne Bay Brewing Company teamed up to brew the newest ballpark enhancement at loanDepot park, the Biscayne Bay Brew Hall. Consistent with the Miami Marlins' commitment to invest in the fan experience, the new Biscayne Bay Brew Hall will feature a bar and social seating, with a performance space and a large video wall. The new space provides a unique social experience for fans attending Marlins games as well as non-baseball events. Fans can enjoy a stellar lineup of great beers and delicious bites, highlighted by the signature Marlins Lager. The special craft beer was done in partnership with Biscayne Bay Brewing Co. and is also available at retails locations throughout South Florida.

RE-IMAGINED FOOD AND BEVERAGE EXPERIENCE

In an ongoing effort to enhance the fan experience at loanDepot park, the Miami Marlins re-imagined the food and beverage experience and re-concepted all concessions on the Promenade Level prior to the 2019 season. The ballpark features an open 360-degree Promenade Level, giving fans a live view of the playing field no matter where they are. Levy is the official hospitality partner of the Marlins, welcoming each fan with world-class food and heartfelt hospitality.

LOANDEPOT PARK

The Marlins first introduced the $3 o $5 Menu – a new food and beverage menu option for all Marlins home games. The $3 o $5 Menu features core ballpark favorites at a new introductory price of either $3 or $5, giving fans the ability to purchase a hot dog for just $3 or a beer for $5. Larger value-sized options such as bottomless popcorn and soda will also be available for select items featured on the $3o$5 Menu. The $3o$5 Menu will be featured at concession stand locations at Section 13 and Section 37 on the Promenade Level, two of the largest concession areas at loanDepot park, providing convenient access to all guests. Marlins Member purchases of $3o$5 Menu items will be eligible for their exclusive Member Benefit savings rate on food and beverage, and retail purchases at loanDepot park, allowing for up to an additional 25 percent savings based on membership level.

The Marlins also added new food partners prior to the 2019 season to deliver an authentic Miami experience. The new partners, all of whom have great Miami stories and connections to the community, are Miami's Best Pizza, PINCHO, Novecento and SuViche. loanDepot park serves as the exclusive South Florida professional sports venue to host Novecento and Miami's Best Pizza. The ballpark will also showcase unique menu items and activations via new partnerships with PINCHO and SuViche. The diverse array of concepts and concessions are reflective of the ever-evolving South Florida community.

The partner brand concession locations were part of a full re-concept and reposition of the Promenade Level food and beverage experience by the Marlins and hospitality partner Levy. The program, based on fan feedback and industry leading practices, introduced new menu items and stand designs inspired by the community for ballpark favorites as well as other new specialty concepts, including a rotating feature location for test menus by Levy. In addition, Marlins Members and their guests located in The Club: DEX Imaging have exclusive access to an interactive chef experience in the expanded and new-look club, and an elevated in-seat dining and drink service as part of new industry standard for premium seating.

The evolvement of the food and beverage experience at loanDepot park in 2019 continued with the addition of El Mercadito, a grab-and-go style market offering fans a new purchase experience for ballpark favorite drinks and snacks as well as fresh and healthy options for all Marlins home games, including wraps, salads, fruits, and gluten-free items.

BOBBLEHEAD MUSEUM

The Bobblehead Museum display on the Promenade Level is the first of its kind in baseball and is located in Billy's Kids Zone in center field. It features a collection of current and former Marlins player bobbleheads, as well as current and past players, managers, broadcasters and mascots throughout Major League Baseball history. This display holds approximately 500 bobbleheads and regularly features new entries. The entire structure moves ever so slightly, which causes the heads to bobble. The interactive and fan-friendly exhibit features an electronic bobblehead locator.

ART IN PUBLIC PLACES

loanDepot park features art installations throughout the venue that differentiate it dramatically from other ballparks in the country. This effort was part of Miami-Dade County's Art in Public Places initiative. Miami-Dade Art in Public Places serves the community through the implementation of art installations and educational programming dedicated to enriching the public environment and to preserving and enhancing the artistic and civic pride of Miami-Dade County. Miami-Dade Art in Public Places promotes collaboration and creative art projects that improve the visual quality of public spaces. At their most successful, these public art installations can transform public spaces from ordinary civic areas to sites that can lift the spirit and connect with the community. For more information on the art at loanDepot park, please visit www.marlins.com/marlinspark.

THE WEST PLAZA

The West Plaza at loanDepot park is a major change from the character of the old Orange Bowl. The West Plaza connects the community prior to and upon conclusion of Marlins games and loanDepot park events. The West Plaza is unlike any other place in Miami, changing as the roof is rolled over the park below. The West Plaza is the size of three and a half football fields.

TRANSPORTATION AND PARKING

The Miami Marlins continue to listen to their fans and implement ways to enhance their fan experience. Getting to and from loanDepot park is now easier than ever with Free Flow Parking, which was introduced by the organization in 2020 in partnership with Miami Parking Authority. The Marlins became the first professional sports team to offer full on-site free-flow parking – with fans paying ahead of time or by using their mobile devices rather than stopping to pay in cash upon entry into the parking garages.

The loanDepot park parking garages and lots will feature free-flow parking, providing a much better arrival experience for guests, who will simply enter the garage and proceed to park. There is no longer a need to stop at the entrance to pay or show a parking pass. loanDepot park ambassadors will be stationed throughout the garages to welcome guests and direct them through a seamless parking process.

With the new arrival method, the Miami Marlins also reset the price of parking. Fans who pre-purchase parking at Marlins.com/Parking or via the MLB Ballpark App will pay $15 for all Marlins home games this season, excluding Opening Day. Guests who purchase parking on-site will pay $15 Monday-Friday, and $20 Saturday-Sunday. The reset of the price of parking means up to 20 percent in savings compared to 2019.

Transportation to loanDepot park includes the Civic Center Metrorail Station and Culmer Metrorail station, Tri-rail – Metrorail transfer and the City of Miami Trolley Service. Also, fans can park anywhere along the Miami-Dade Metrorail system, exit at Culmer Station and enjoy the dedicated Express Shuttle to loanDepot park. There is also pedestrian access, bicycle routes, taxi and limousine access, bridge opening regulations to alleviate traffic, civic center parking and group bus parking.

loanDepot park also features four state-of-the-art parking facilities with a capacity of 4,700 vehicles. The parking garages are managed by the City of Miami. The parking garages are located along first base, third base, home plate and center field, which render their names. In addition to garage parking, there are 1,000 parking spaces in surface lots to the east and west of the ballpark.

In addition to Free-Flow Parking, the parking garages at loanDepot park will feature bike share stations and ChargePoint electric vehicle charging stations for guests. Fans can utilize the Citi Bike® program to get to and from loanDepot park. The Citi Bike program is intended to provide locals and visitors with an additional transportation option for getting around the city in a fun, efficient and convenient manner. Parking lot East #1, on 14th Avenue and between NW 4 ST and NW 5 ST, will be designated the Ride Share lot. Getting home from loanDepot park is now easier than ever with the official designated Uber Lot, located in parking lot East #1, on 14th Avenue and between NW 4 ST and NW 5 ST. The Ride Share Lot will be up and running for all events, including concerts.

- His 197.1 innings set a Marlins' rookie record, surpassing Scott Olsen's 180.2 innings in 2006, and the most by a Marlin overall since Nathan Eovaldi tossed 199.2 in 2014. It was also the most by a rookie in the Majors since Boston's Daisuke Matsuzaka threw 204.2 frames in 2007, and the most by an NL rookie since 1997, when Matt Morris had 217.0 for St. Louis and Chris Holt had 209.2 for Houston.

Alcantara is one of 11 children. He has seven sisters and three brothers. He left home at the age of 11 to live with his sister, Aridia, in Santo Domingo to attend better schools and baseball practices. While he was playing in the Arizona Fall League in 2017, his brother, Alexander, was killed in a motorcycle accident at the age of 17. Alcantara has dedicated his career to his younger brother and tattooed his nickname "Lexi" on his left arm.

- His 32 starts were the most by a rookie in Club history, besting the previous record of 31 starts held by Brian Meadows in 1998 and Scott Olsen in 2006. They were the most by any Marlins' starter since Dan Straily had 33 in 2017.
- His ERA and average against also made the Franchise rookie leaderboards. His ERA ranked second behind only José Fernández in 2013 (2.19), and his average against was the third-lowest mark, trailing Fernández (.182) and Olsen (.239). His average against also ranked 18th among all qualified starters in Club history, the lowest since José Ureña held batters to a .238 average in 2017.
- Among qualified National League rookies this season, he ranked second in average against, behind Atlanta's Mike Soroka (.236), and third in ERA and strikeouts.
- He tossed two shutouts (May 19 vs. Mets, September 8 vs. Kansas City). He tied Dontrelle Willis in 2003 for the most shutouts by a rookie in Club history. He became just the eighth rookie pitcher since 2000 to record two shutouts in a season, the first since Mike Montgomery in 2015 for Seattle, and the first NL pitcher since J.A. Happ in 2009 for Philadelphia. His two shutouts in 2019 were tied with Cleveland's Shane Bieber and the White Sox' Lucas Giolito for the most shutouts in the Majors.
- He allowed just two hits and struck out eight in shutting out the Mets. He needed just 89 pitches, the second-fewest in a 9.0-inning complete game in Club history, behind an 88-pitch outing by Henderson Alvarez in 2014. It was the first shutout for Miami since Edinson Volquez's no-hitter on June 3, 2017 vs. Arizona. He became the first rookie pitcher to toss a shutout since San Francisco's Ty Blach did so on June 2, 2017 at Philadelphia.
- In his opening start of the season, on March 31 vs. Colorado, tossed a then career-high 8.0 shutout innings, allowing just four hits and striking out six. He retired 18 of the last 19 batters he faced, and was the first Marlins' starter with 8.0 shutout innings and no walks since José Fernández did so on September 20, 2016 vs. Washington. According to the *Elias Sports Bureau*, Alcantara was the second-youngest pitcher (23 years, 205 days) in Club history to toss 8.0 shutout innings; the youngest was Fernández, who did so at 21 years, 272 days on April 29, 2014 vs. Atlanta.
- Alcantara was Miami's lone representative in this year's All-Star Game at Progressive Field. He became the fifth rookie in Club history to be named an All-Star, joining Alex Gonzalez (1999), Dontrelle Willis (2003), Dan Uggla (2006), and José Fernández (2013). In the All-Star Game on July 9, he came on in relief in the eighth inning and tossed a scoreless frame, allowing just one hit and striking out one.
- He went 0-2 with a 7.89 ERA (21.2/19) in his first four starts to begin the second half, but bounced back over his final 11 starts of the season, posting a 2-4, 2.78 (74.1/23) line, limiting batters to a .207 average with 62 strikeouts. 7-4 in those starts and 4-17 in his other outings.

- Alcantara received an average of 3.06 runs of support per start, by far the lowest in the Majors among qualified pitchers, ahead of the Kansas City's Brad Keller (3.81). It was the third-lowest single-season mark in Franchise history (Nathan Eovaldi, 2.70 in 2014 and Josh Johnson, 2.92 in 2012).

The pair became the first set of teammates to earn wins in their first career starts in consecutive days since April 9-10, 2012, when Yu Darvish and Neftali Feliz each made their first career starts with the Rangers. The last National League team to have such a duo was the Reds on April 15-16, 1967 with Gary Nolan and Mel Queen. - Stats LLC

CAREER HIGHLIGHTS

- Edward Brany Cabrera enters the 2021 season as the No. 68 overall prospect in baseball and the Marlins No. 5 prospect, according to *MLB.com*.
- Did not play in **2020**, but was a part of the Marlins 60-man Player Pool in Jupiter.

- Earned the call-up to Double-A Jacksonville following three starts in which he threw 16.1 total innings allowing eight hits, one earned run and struck out 18.
- Made eight starts for Jacksonville and continued his impressive season going 4-1 with a 2.56 ERA in 38.2 innings, striking out 43.

- Made his professional debut with the GCL Marlins in **2016**.
- Went 2-6 with a 4.21 ERA in 11 games, (7 starts) and 47.0 innings.

"Teams began asking for him in trade talks shortly after he came to the United States for his pro debut in 2016, though his stuff was more impressive than his results in his first three seasons. That changed in 2019, when he logged a 2.23 ERA, .190 opponent average and 116 strikeouts in 96 2/3 innings while advancing to Double-A at age 21. He's doing a better job of throwing strikes and commanding his pitches, quieting talk that he'd wind up in the bullpen if he couldn't add more polish. If all goes according to plan, Sixto Sanchez and Cabrera should headline Miami's rotation in the near future." - *MLBPipeline.com*

"Campbell generates high spin rates on his fastball, curveball and slider, each of which is a solid offering. His heater sits at 92-95 mph and plays better than its velocity thanks to its cut action and carry as well as his ability to command it. Scouts debate which of his breaking balls is better, with some preferring his mid-80s slider/cutter and others believing his 78-82 mph curve has more upside. Add in a low-80s changeup that's more effective against same-side hitters than left-handers, and Campbell has a full complement of pitches to start." - *MLBPipeline.com*

"Devers also shows advanced instincts at shortstop, where he has a quick first step and has improved his arm strength to solid since turning pro. He's capable of playing all over the infield in a utility role should he not produce enough offense to claim an everyday job. Adding more muscle not only could help him raise his offensive profile but also could improve his durability after he missed time the last two seasons" - *MLBPipeline.com*

MARLINS NO-HITTERS

Al Leiter - May 11, 1996 - Joe Robbie Stadium

Colorado	000	000	000	--	0	0	0
Florida	620	012	00x	--	11	11	0

Al Leiter (2 bb, 6 so, 104 pitches) tossed the first no-hitter in Club history. It was the largest margin of victory in a no-hitter since St. Louis's Bob Gibson (also 11-0) on August 14, 1971 vs. Pittsburgh.

Kevin Brown - June 10, 1997 - 3Com Park at Candlestick Point

Florida	000	010	701	--	9	8	0
San Fran.	000	000	000	--	0	0	3

A HBP was all that separated Kevin Brown (7 so, 99 pitches) from a perfect game. He was just the second pitcher in MLB history to fall a HBP short of perfection (two others since).

A.J. B urnett - May 12, 2001 - Qualcomm Stadium

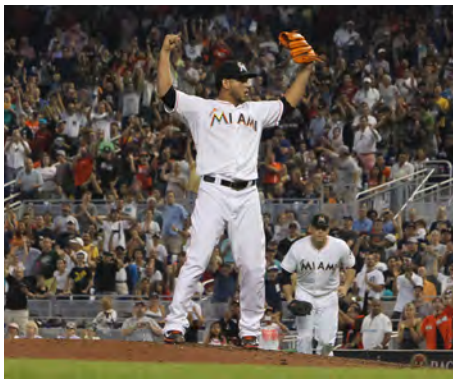
Florida	002	010	000	--	3	7	0
San Diego	000	000	000	--	0	0	3

A.J. Burnett walked nine and struck out seven in his no-hitter in San Diego. He and the Reds' Jim Maloney (8/19/65 vs. CHC) are the only pitchers in MLB history with 9+ BB in a 9.0-inn. no-no.

Anibal Sanchez - September 6, 2006 - Dolphins Stadium

Arizona	000	000	000	--	0	0	0
Florida	010	100	00x	--	2	5	1

Anibal Sanchez (4 bb, 6 so, 103 pitches) no-hit Arizona in his 13th career MLB start. He was just the second Venezuelan to record a no-hitter in MLB history, and the 19th rookie.



Henderson Alvarez - September 29, 2013 - Marlins Park

Detroit	000	000	000	--	0	0	1
Miami	000	000	001	--	1	6	1

Henderson Alvarez (bb, 4 so, 99 pitches) threw the first Closing Day no-hitter in MLB since Mike Witt in 1984. It was also the first no-hitter clinched in walk-off fashion since 1997.

Edinson Volquez - June 3, 2017 - Marlins Park

Arizona	000	000	000	--	0	0	1
Miami	000	100	02x	--	3	9	0

Edinson Volquez (2 bb, 10 so, 98 pitches) threw the 29th no-hitter since 1913 in which the pitcher faced the minimum 27 batters, and just the ninth that was not a perfect game.

HISTORY OF SUN LIFE STADIUM

Sun Life Stadium, originally known as Joe Robbie Stadium, was the first of its kind to be constructed entirely with private funds. The late Joe Robbie led the financing campaign to build "Joe Robbie Stadium"(JRS) for the Miami Dolphins of the National Football League (NFL). JRS revolutionized the economics of professional sports when it opened in 1987. Inclusion of a Club Level, along with Executive Suites, helped to finance the construction of the stadium. The original multi-purpose facility had more than 1.5 million square feet, over 24,000 parking spaces, 75,000 seats and a playing field that meets standards for the NFL and World Cup Soccer.

On March 7, 1990, H. Wayne Huizenga, then Chairman of the Board and Chief Executive Officer of Blockbuster Video and Huizenga Holdings Inc., agreed to purchase 50 percent of Joe Robbie Stadium and became the point man in the drive to bring Major League Baseball to South Florida. That effort was rewarded in July of 1991, when South Florida was awarded a National League expansion franchise. To accommodate MLB baseball and the Florida Marlins, the stadium was retrofitted in 1992 to include retractable seating, a baseball press box, baseball dugouts, new lights and a hydraulic disappearing pitcher's mound. On January 24, 1994, Mr. Huizenga acquired the remaining 50 percent of the stadium to give him complete ownership.

In February 2008, Mr. Huizenga sold 50 percent of the Miami Dolphins, stadium and surrounding developable land to Stephen M. Ross of New York and Palm Beach. Mr. Ross, Chairman of the Related Companies, an international real estate development company, became an active partner. In January 2009, Mr. Ross closed on the purchase of an additional 45 percent of the team and stadium.

SPRING TRAINING INFORMATION

Roger Dean CHEVROLET

STADIUM

4751 Main Street
Jupiter, FL 33458
(561)775-1818

The Miami Marlins enter their 19th Spring Training at Jupiter's Roger Dean Chevrolet Stadium, approximately one and a half hours north of the Club's regular season home of loanDepot park. The complex is located on approximately 110 acres within the Abacoa Community. Abacoa is located on Donald Ross Road, approximately 1/4 mile east of Interstate 95. The Marlins share the Palm Beach County facility with the St. Louis Cardinals, one of only two multiple-team Spring Training sites in the Grapefruit League.

Roger Dean Chevrolet Stadium was named the Professional Baseball Field of the Year by the Sports Turf Managers Association in 2011.

In 2003, Baseball America recognized Roger Dean Chevrolet Stadium as baseball's fifth-best spring training facility.

The Marlins begin their 28th Spring Training on Friday, February 23, when they open their Grapefruit League slate as host to the St. Louis Cardinals, the first of six games between the cohabitants. Miami will play 18 total games at the Dean, including 7:05 p.m. contests against the Washington Nationals (March 22) and Houston Astros (March 23). The Marlins spent their inaugural Spring Training at the Cocoa Expo Center in Cocoa Beach and played nine years (1994-2002) at Space Coast Stadium in Viera (Melbourne).

The $28 million state-of-the-art complex opened on February 28, 1998 and accommodates 6,839 fans with luxury suite seats, reserved box seats, bleachers and bullpen seating area in right field. The facility has undergone a series of upgrades in recent seasons, beginning with a new high-definition video board in 2012, reconfigured seats and new sound system in 2015, the addition of the Bullpen Club in 2016 and shade panels installed prior to the 2017 Spring season. Fans will have the opportunity to sit in the Bullpen Club, a 135-seat area that includes table-top seating for a community feel next to the visitor's bullpen. The six air-conditioned luxury suites provide 320 square feet of interior entertainment, including a wet bar, refrigerator, sink, ice maker, color television with DVD, sofa, bar stools and additional seats. Each suite has seating for 12 (outdoors) and is available with a private entrance and elevator access. Prior to the 2018 Spring Training season, all suites at Roger Dean Chevrolet Stadium underwent a modernization by local design company V-Starr.

Following Spring Training, the complex is the home of the Single-A Jupiter Hammerheads (Miami affiliate) and the Palm Beach Cardinals (St. Louis affiliate) of the Florida State League.

Offices for the Marlins Communications Department and the media workroom are located in the Marlins executive offices, beyond the left field wall at Roger Dean Chevrolet Stadium. The Press Dining area is located in the main press box area. Admission to all Marlins Spring Training games requires either a Major League Baseball Spring Training credential, a BBWAA card, or a Marlins season or daily Spring Training credential.
